

TECHNICAL RIDER

Please read carefully and confirm all requirements at least 72 hours before the event.

Artist: Majestic

Real name: Raymundo Hooten

Genre: D&B · Raggajungle · Tekno · Juke · Footwork · Bass Music

Origin: Amersfoort, NL

V 2.1 - 2026

PLEASE NOTE: All equipment must be in full working order prior to the artist's arrival. Firmware must be updated to the latest stable version. The artist plays primarily from USB drives – no laptop required. Do not connect unknown devices to the setup without explicit permission. If the venue cannot meet the primary setup, contact the artist via Instagram @djmajestic at least 72 hours in advance.

01

✓ **SPARE USB CABLES + POWER STRIP**

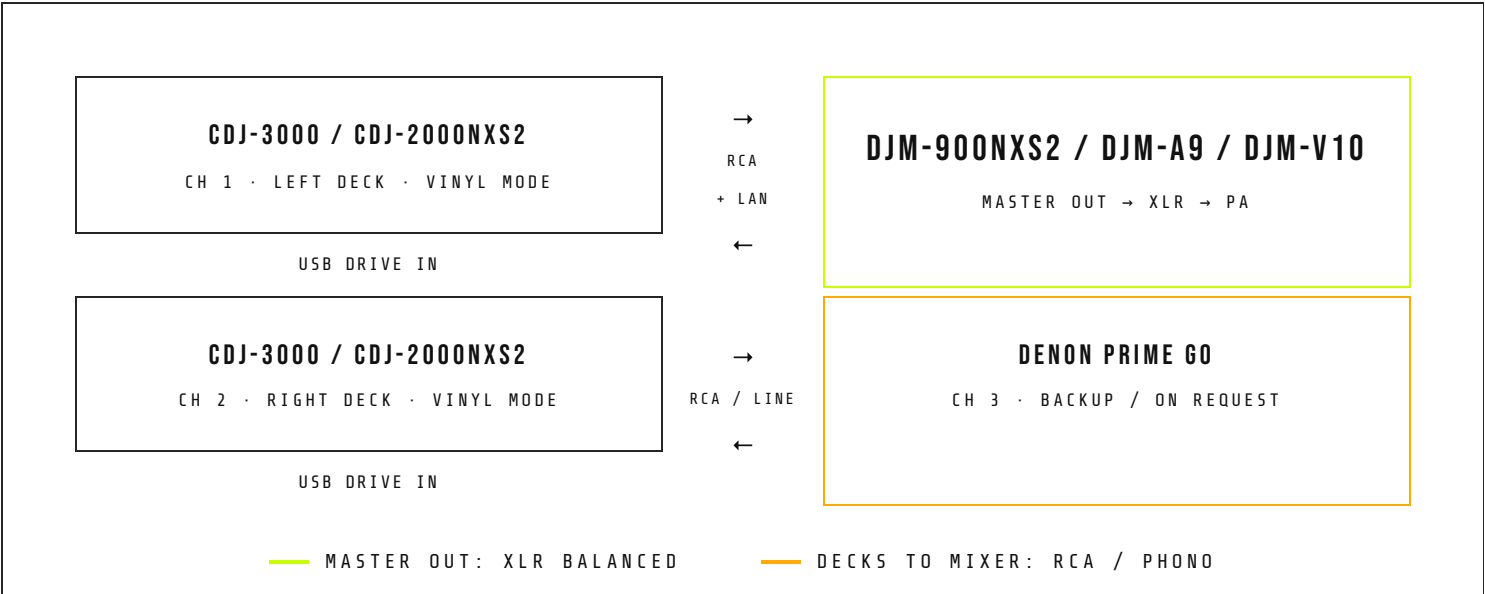

Min. 2 × USB-A (for drives) · 1 × power strip accessible at booth

✓ **BOOTH LIGHTING**

Working light to see gear · No blinding strobes aimed directly at artist

02

SETUP DIAGRAM

TECHNICAL REQUIREMENTS

MIXER SETTINGS

- // All EQ knobs at 12 o'clock (center) before handover
- // Master and booth faders at 0 dB / unity gain
- // All effects off — no reverb, echo or filter pre-set
- // Gain/trim for artist channels set to unity
- // Recording / stream output: **APPROVED** Sharing of recordings is permitted and encouraged

DJ BOOTH SPECIFICATIONS

- // Minimum 160 cm wide × 60 cm deep
- // Table height: 100–110 cm (artist is 188 cm — standard 90 cm booth is not suitable)
- // Adjustable or raised booth preferred — confirm in advance
- // Booth accessible 30 min before set for sound check
- // Water at the booth — non-carbonated, no ice

CDJ / PLAYER SETTINGS

- // Latest firmware on all players and mixer before event
- // Pro DJ Link active and all units linked before handover
- // Jog wheels set to VINYL MODE on all decks
- // No track pre-loaded — artist loads own media
- // Quantize: OFF by default
- // Master tempo: OFF by default

CABLING & POWER

- // Master XLR output from mixer to PA / house system
- // All RCA cables tested — no hum or crackle
- // LAN cables CAT5e or better for Pro DJ Link
- // 1 × 230V free Schuko socket at booth for Denon Prime Go
- // Cable management — no loose cables in DJ walkway

FIRMWARE REFERENCE

DEVICE	MINIMUM VERSION	RECOMMENDED	STATUS
PIONEER CDJ-3000	3.00 or higher	Latest stable	REQUIRED

IMPORTANT NOTES

🚫 NOT NEGOTIABLE

The artist **will not perform** if the minimum equipment (Setup A or Setup B) cannot be provided and no prior alternative has been agreed in writing. Please contact the artist via Instagram [@djmajestic](#) at least 72 hours before the event if there are any concerns.

⚠️ CHANGEOVER

The artist requires a minimum **15 minutes** changeover time before set start. During this window USB drives are loaded and Pro DJ Link is verified. Please build this into the running order and inform the previous act.

✓ RECORDING & STREAMING

Recording and live streaming of the artist's set is **fully approved**. Sharing of recordings via social media, YouTube or archive platforms is **permitted and encouraged**. Please tag the artist: [@djmajestic](#).

ARTIST BRINGS

- // USB drives with music — do not share or pre-load
-
- // Own headphones
-

VENUE PROVIDES

- // Setup A or B per specifications above
-
- // Functioning PA system with engineer on site
-

// Denon Prime Go (backup / on request only)

// This technical rider document

// 2 × booth monitors (min. 200W each)

// Booth height 100–110 cm (artist is 188 cm)

// Soundcheck access 30 min before set

// Water at the DJ booth

06

HOSPITALITY

PARKING

A free parking space at or near the venue is requested for every performance. When travelling from abroad or a significant distance, please arrange and confirm the parking location in advance. Costs for paid parking are to be reimbursed by the organiser.

FOOD & MEALS

When the artist travels from **abroad** or the event requires travel of more than 100 km, a **hot meal** or meal voucher is requested — to be provided before the set. Dietary requirements: none. Please confirm arrangements in advance.

AT THE BOOTH

Non-carbonated water at the DJ booth throughout the performance — minimum 1 litre. No ice. Additional drinks as available at the venue are appreciated but not required.
